RECORDS STOLEN.

New Mystery in the Sutton Case.

Disappearance of Entries in Government Report May Balk Inquiry.

Conceals Proof of Evidence Showing Whether Sentry Saw Fight.

Important Witnesses Due to Arrive from Europe on Cruiser Today.

ANNAPOLIS, Md., Aug. 2.—[Exclusive Dispatch.] Capt. John Hood, senior member, and his two associates on the Sutton board of inquiry, tonight visited the scene of the tragedy which snuffed out the life of Lieut. James N. Sutton.

Whether or not Private Kennedy, whose testimony in the inquiry last week upset all the other lines of evidence introduced at the hearing, was really on duty on the night that the young marine lieutenant lost his life was the important question pending when the dramatic denouement and sudden adjournment was taken last Tuesday.

This question will never be settled. Valuable records have disappeared which would prove conclusively whether Kennedy was or was not assigned to duty as sentry at the cemetery patrol and passed the scene of the fight just as it was reaching its culmination.

It is said plainly at Annapolis by those in position to know that the record was stolen. For years back will be found the name of every man who has done sentry duty at the various posts in the academy, with the hour he went on duty and the time he was relieved, with the exception of those twenty-four hours surrounding the tragedy by which young Sutton's military career was ended.

The pages of this record covering these important hours are missing.

It was announced in Washington today by Henry E. Davis, counsel for Mrs. Sutton, the mother of Lieut. Sutton, that he would continue his contention with the inquiry.

The Jackson cocktail, which is named in honor of Atty.-Gen. Fred S. Jackson, who is striving with might and main to make the Desert of Sahara will pale into insignificance, is made of apple cider and Jamaica ginger. Those who doubt the efficiency of the beverage should mix three parts of the first named ingredient and one part of the latter.

Mrs. Sutton as a complainant, and the officers with Lieut. Sutton on the night of his death as defendants, Mr. Davis threatened to withdraw from the case.

Lieut. Utley and Surgeon Cook, who are aboard the cruiser North Carolina, which is expected to arrive tomorrow at Provincetown from Mediterranean waters, will be ordered to Annapolis immediately upon their arrival, to appear as witnesses.

MOTHER OF TWENTY-TWO.

Maine Woman, Forty-one Years Old, Has 22 Children, All Living.

BY DIRECT WIRE TO THE TIMES.
SCOWHEGAN, (Me.) Aug. 2.—[Exclusive Dispatch.] Mrs. Charles E. Dickey of Canaan, eight miles from this town, gave birth to her twenty-second child Sunday. It was a girl, and mother and daughter are doing well.

Mr. and Mrs. Dickey were married twenty-seven years ago, when she was sixteen and he was twenty-two. They have had twenty-two children, all of whom are living, none of them ever having been sick. At one time it was necessary for the Board of Selectmen of Canaan to maintain a district school just for the Dickey children.

When Mrs. Dickey was married she was 14 years old and her husband was 18. He is a farmer, and a prosperous one.

Conferees Explain Parliamentary Need and Executive Approves.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, Aug. 2.—The Tariff bill has been delayed again by the hide and leather question, and the conferees were called together once more today.

Western Senators will compel further changes in the hide and leather schedule. These Senators complain that the leather schedule as arranged by the conferees with the approval of the President is unfair to the States interested in protected hides. It was agreed that some action must be taken to conciliate them if the conferees report is to be adopted.

Without thought of serious obstacle Senator Aldrich caused the report of the conferees to be taken up today in the Senate. As is usual, the Senate leader and his associates moved about to ascertain whether there had been any change of sentiment. They were not long in learning that the change that there was a "joker" in the leather schedule had upset the comfortable majority they had previously counted on for the adoption of the report.

WESTERNERS BITTER.

The Westerners claimed that all that had been led to believe that all hides and skins of leather were to be dutiable at 30 per cent, and that the harness was to be dutiable at 20 per cent. It now appears that the conferees had reduced the leather rates to 10 per cent only to articles manufactured in chief part of the class of hides which the conferees removed the tariff. The reduction would not apply to shoes, the uppers of which were made of calf skin or to harness, the most valuable part of which was made of calf skin.

Western Senators were extremely bitter in their condemnation of the compromise. They said they had been fooled, that the President had been fooled and that the trick played of the conferees was nothing short of a buncombe.

SOME OF THE SENATE LEADERS and some of the dissatisfied members hurried to the White House. There all were informed that the President had not been fooled. He was reported to have told all his callers that he fully understood the character of the compromise.

PARLIAMENTARY NECESSITY.

It was declared by the conferees that their course had been necessary from a parliamentary standpoint. They have reduced the duties on all hides and skins, they said, would have compelled a resubmission of the question to the House.

When Senator Aldrich returned from the White House he called a session of the conferees. The Western Senators were ushered into the conference chamber singly or in pairs. Audience were given to Senators Latham, Warren, Carter, Sutherland, Brown, Brien and Bourne. Invitations had been issued to Senators Dixon, Burdett and Clark of Wyoming, but they did not accept.

Senator Aldrich and Representative Payne declared that the language employed in adjusting the hide and leather rates was not a "joker." An effort was made to reach an understanding with the Westerners. They said the work had gone out over the West that the hides had been given for cheaper shoes and harness and that their constituents would not be satisfied with another bargain.

Senators Brown and Brien had letters from the President bearing upon the alleged "joker" which they read. The letter to Senator Borah was in response to one he had written. The President asserted in this letter that the leather and hide schedule adopted by the conferees was just as he had understood it. He said his understanding was that the reduction on leather goods should be made of those manufactures of the hide and leather industry and should not include manufactures of hitherto rare hides.

SHARP CRITICISM.

Continuing the President argued that farmers wear shoes made of the kind of hides that would pay the low duty and that practically all harness is made from dutiable leather and

Sutton Plans Details of Her Last Match.

Mr. Rogers and Clifton Herd, who have been the main attraction of the Southern California tournament for the championship of Southern California, opened on the courts of Hotel Long Beach, yesterday.

Brown and Hal Braly showed right sets that the younger men have not yet reached the level where they are capable of competing successfully with the veterans. The best Rogers 6-1, 6-3, and had no difficulty in disposing of the best being 6-2, 6-4.

The tournament opened under very auspicious. The playing was better than that which usually marks preliminary rounds, and it is expected that the matches in the semi-finals will have more "class" than those in any previous local championship tournament.

Players who survived yesterday's matches played in excellent form, in a manner in which Brown and Herd covered the match. The other contenders for the championship title held by Tom will have a look-in. But all the entered in the tournament have been playing well, and when the play narrows to the members of the "old" all of them seem to have improved in court work since the last championship tournament, the matches will be more interesting.

MAY'S LAST MATCH.

May Sutton announced yesterday she would compete in the women's events and that this will be her last appearance on local courts. Early in the afternoon a couple of young men played a couple of games of tennis in the court where the matches were being played. The spectators gathered in the stand after the games, and were very interested in her work as they are in the exciting men's games.

It was a very hot day, and a heavy wind blew in from the morning and despite the fact that the courts were somewhat inconvenient, the matches were very favorable. The matches were very fast, and the players had to be up on their toes all the time to follow the ball.

The match between Rogers and Herd, which was the main attraction, was a very close one. Rogers won the first set, but Herd won the second set, and the match was a very close one. Rogers won the match, but Herd was a very close contender.

HERD OUTCLASSED.

was outclassed by Braly, whose service drives and return were very warm for the Thompson to handle. Like Brown, Braly's ball more accurately than any opponent and returned carefully placed strokes with ease. Occasionally, Herd had coming his way and in the second set he pushed him hard, but Braly won five straight.

Dawson and Winnie Mace through the second round of singles and also won their match in the junior singles. But it was the first match in the tournament that was a very close one. Rogers and Herd won the match, but Braly was a very close contender.

YACHTS GET AWAY.

Expect to Reach San Diego Early This Morning to Sail for the Lipton Cup.

The yachts Man E. Michiel II, Columbine and Wray expected to reach San Diego early this morning, when they left San Pedro at 11 o'clock yesterday, on the cruise to the southern port for the Brock-Pagan cup.

The boats also are entered in the race in San Diego Bay for the Lipton Cup, to be sailed the latter part of the week. They are to be overhauled today, entering the bay and put in condition for sailing on smooth water.

LASSOS MOUNTAIN LION.

WILLIAMS (Ariz.) Aug. 2.—[Exclusive Dispatch.] After eight days of work, Buffalo Jones, well known in Arizona, succeeded in dragging a mountain lion from the north rim of the Grand Cañon into this city, a distance of thirteen miles. Jones was assisted in this feat by D. D. Rust. The lion is one of the largest ever seen here. The animal has not been five pounds in weight since its capture and refuses to eat food.

Second Grand Circuit Race Meeting Has Rain.

Carlokin Trots Great Heat, But Is Beaten.

Baron Whips Paces Fastest Mile of the Day.

[BY DIRECT TELETYPE TO THE TIMES.] KALAMAZOO (Mich.) Aug. 2.—[Exclusive Dispatch.] Rain early this morning made the track for the opening day of the Grand Circuit races and favorites fared badly. Two outsiders taking the two best races of the day.

Hal Hayes, who looked like a winner in the 2:05 pace, was beaten by Baron Whips, which took the event in straight heats. Inner Guard was fourth, Peter Belts standing best in the summary.

Carlokin, driven by Duffee of Los Angeles, won the fastest mile of the day, trotting the second heat in 2:09 1/4. He did much better than at Detroit, but seemed to need today's work to put him fit. Lady Jones took the other three heats and the race.

Arthur J. B. (McDon) took the Western summary.

NEGOTIATE WITH OUTLAWS TO RETURN TO THE FOLD.

[ASSOCIATED PRESS NIGHT REPORT.] SAN FRANCISCO, August 2.—An agreement whereby scores of well-known baseball players, now under the stigma of affiliation with outlaw leagues, will be restored to good standing has been discussed and virtually decided upon by the directors of the Pacific Coast League.

Henry Berry, of Los Angeles; Charles Graham, of Sacramento; and President J. Cal Ewing, of this city, are three of the magnates who favor the creation of a "C" league for California, to include the six teams of the California State League, an outlaw, and two additional teams.

The minor league, according to the plans, will be conducted under the supervision of the Coast League, and will be used as a "farm" for the development of players needed by the larger organization.

It is suggested that the new league be composed of teams representing the major leagues today, and the over to the State League the surplus talent which is signed up every year.

For instance, Manager Hogan of the Vernon team has turned aside a half dozen good men which could fit in nicely with teams in the State League.

Although no active negotiations have been entered into, it is likely that in the next week overtures will be made and results obtained.

There will be no chance to use the State League as a farm for the Coast League teams, as that is against baseball laws, but the Coast League managers will have an opportunity to turn over to the State League the surplus talent which is signed up every year.

LOS ANGELES STOCK EXCHANGE.

WEEK OPENS IN LIVELY FASHION

The Los Angeles stock market opened with a lively and optimistic tone today, reflecting the general confidence in the country's financial future. The market was characterized by strong buying activity, particularly in the industrial and utility sectors, which were seen as key drivers of economic growth. The opening session saw significant volume, with many stocks reaching new highs or showing substantial gains. Investors appeared to be looking for long-term opportunities, driven by positive news regarding government spending and corporate earnings. The overall sentiment was one of optimism, with traders expecting continued upward momentum throughout the week.

<p> of these applications can be accepted. It is said that every one of the candidates is acceptable to the determining body and it is probable that the process of elimination will be instituted on a lot-drawing basis. The market yesterday was rather more lively than ordinarily at the week opening. Although some of the prospective new mem- bers will be permitted to actually trade within the hall until the list of names has been announced for the next ten days, the present trading is being confined to the members and the temporary outsiders in the way of trad- ing factors. This fact was indicated by some traders in Golden Gate, a pet stock exchange near Nevada Exchange. Some transactions in Nevada Oil were light, the shares being handled at \$4.25. The price of the shares showed a downward move prevailing on last Saturday. The close at </p>	<p> Conto Costa Water Co. 32 1/2 Conto Costa Gen. Big Midsummer Profit-Sharing-Sale

We Never Rest

Midsummer is here, vacation doings are in full blast. It is our usual custom to suspend regular shipment during the month of August, which greatly disturbs our manufacturers. We can make better contracts with them by taking our regular monthly shipments throughout the year. This we have decided to do. Hence we are just receiving and unboxing 10 full cars of Beautiful Pianos and Self-Playing Pianos. We have undertaken to sell this entire shipment during the next 20 days. We cannot fail to sell every one of them at the prices and terms which we are willing to accept. We will make our offer so attractive that you can afford to buy a Christmas piano now. We have been doing business in Los Angeles nearly 20 years. The general public has read and heard much about our one-price system and low monthly payment plan. We will do the unheard-of thing for the next 20 days. If you look you will buy.

For 20 Days

we will sell beautiful, well-known pianos for considerably less than \$300. Old standard makes of baby grand pianos in rare San Domingo mahogany for less than \$300. Lifetime pianos for \$192 and up. We make first payment, the remainder to suit your income. Cut out the coupon accompanying this, come in and look over one of the largest and best assortments of pianos ever shown in Los Angeles.

Ten Cars Must Go

Every piano in the building is marked to sell at the emergency price. In addition to this we will accept the coupon herewith for \$50.00 as first payment. As a further inducement we will give you a double receipt for every dollar you pay in cash up to \$25.00. These three discounts cut many of our pianos in half. The remainder can be made in easy monthly payments to suit the customer. The stock is beautiful, the assortment perfect.

Our Great \$2.00 for \$1.00 Offer

CUT THIS OUT

Bring in with you, select any piano in our stock. We will accept this coupon as first payment on the piano. You make your next payment one month later. We deliver the piano at once.

For every \$1.00, up to \$25, you pay in cash, in addition to the certificate, we will give you a receipt for \$2.00.

EXAMPLE:

Turn in a \$50 Certificate and get a receipt for \$50
and get a receipt for \$60
\$10 in cash and get a receipt for \$70
\$15 in cash and get a receipt for \$80
\$20 in cash and get a receipt for \$90
\$25 in cash and get a receipt for \$100

MONTHLY PAYMENTS

Any reasonable amount you choose to offer from \$4.00 up.

Every Piano in the House a Bargain
Your old instrument taken at its full cash value in exchange for a new Piano.

The Big Way

is the best way for merchant and people.

We aim to sell 1200 to 1500 Pianos per year in the local territory. In order to do this, we must keep everlastingly at the problem that we are just now trying to solve. We can sell as many Pianos in August as we can in December. If we are willing to accept wholesale prices and extremely low monthly payments, we believe we can do it.

We have not been disappointed in the past when we had genuine bargains to offer. Today we have the largest stock that we have ever owned at one time. We occupy the entire Fitzgerald Building from basement to garret, and every floor is crowded with goods and marked at a price to sell. We are willing to buy business for 20 days, and are willing to pay for it.

\$112, \$122, \$130, \$164, \$182, and up will buy a good Piano, and for the next 20 days our dilemma is your opportunity. We are not giving any goods away. We are not losing any money on our regular lines, but we are willing to give away thousands of dollars in legitimate profits in the next 20 days, and we will make piano shopping so attractive that you will undoubtedly buy some kind of a piano if you pay us a visit. So come in and look the big line over. The trip will be educational and well worth your while.

CAMPAIGN NEARS END.

Election on Consolidation of Santa Monica and Ocean Park Will Be Held Thursday.

SANTA MONICA, Aug. 2.—The consolidation forces are to occupy boards tomorrow evening, giving a closing performance of the campaign for the merging of Ocean Park and Santa Monica. This strenuous struggle has been raging ever since March. It is with relief that the voters in the near approach of the election of Thursday of the present week tell the tale. Barrels of printers' leather have been worn away in hot house canvasses, and upon numerous occasions local and out-of-town orators have appealed to electors to vote for or against consolidation. Among the speakers scheduled for short talks tomorrow night are R. Tanner, W. L. Hull, J. C. Steele, H. Goetz, Sherman Page and several others. The speaking will be at the Hall. Superior Judge George H. H. will preside.

Wednesday evening the campaign will formally close, with two meetings. The friends of consolidation will have their speakers at the P. avenue plaza, while the opponents will have theirs at the City Auditorium at Venice. City Assessor Dales has completed his work for the year, and has filed with the City Council the assessment rolls show a total of \$7,357,850, exclusive of railroad property, which amounts to about \$75,000. Of the property assessed, \$4,695,405 is real estate. The Methodist Episcopalians have erected a tent on Nineteenth street and services are to be regularly held. Yesterday a Sunday-school was organized with T. O. Sanderson as superintendent; Miss Grace Tooker, secretary; Mrs. C. A. Schubert, treasurer.

By the will of Mrs. Mary F. Snodgrass, of Hartford, Conn., Miss Ophelia Miller, a spinster living in Santa Monica, will receive the income from \$10,000 for taking care of Mrs. Snodgrass's small imported dog. The deceased left her husband but \$200.

THE POLITICAL WATCH TOWER

While much of the talk along the political front among Republicans, of course—indicates that George A. Smith is the likely Republican candidate for Mayor, I am impressed with the fact that he is not the only choice of voters of that party. Smith has an advantage—he is the straight Republican to come out in the open and say where he stands. He has many friends, and appears to be winning more every day. But there are several other possible candidates who, like him, have always been Republicans, and who might have just as good a chance to win.

There has been suggestion of Gen. Robert Wankowski of the National Guard as a probable candidate, but Wankowski has laughed down the rumor, and his close associates believe he has no intention of leaving his commanding position as a banker to enter the political race. There have been many politicians, they point out, who have become bankers, but they have discovered few bankers who have become successful politicians.

It may be that Gen. Wankowski will be the exception, but there is nothing now to indicate it. In the last few days there has been more talk about Willis Booth as a candidate than in the days when his name was first mentioned. As president of the Chamber of Commerce, and always as a leader of every progressive movement in the city, Mr. Booth is well known, and there are many, not confined to Republican ranks alone, who would like to see him enter the race. But Mr. Booth is still in the East.

where he has been hobnobbing with President Taft and Senator Flint, and there is as yet no indication that he will go into the campaign. Inside information that came before his departure for the East was to the effect that he would get into the game only after being shown that his candidacy was necessary to prevent bitter controversy. For a time it may be necessary to keep our eyes on Booth.

Dr. Walter Lindley's admirers still entertain the hope that he may come out as a Republican candidate. The wish up to this time is still father to the thought. The doctor is attending a meeting of medical men in San Francisco, but before his departure he intimated that nothing could pull him into the race.

The campaign yet is young, however. More than a month will elapse before the filing of any petition is necessary. In that period Dr. Lindley will have ample opportunity to make up his mind. He may still loom up as the possible winner.

Friends of Smith, McAleer, Farish, Muehst and Plant—not to mention others whose names are not quite so well known—are certain that their favorites will be the only ones whose names will go on the primary ballots—but we shall see what we shall see.

Within a short time, it appears, a call will go out for the assembling of a Republican city convention, at which candidates for every executive office will be nominated, as well as candidates for the Council and City Board of Education. A number of prominent business men who have taken a keen interest in politics in the past are back of the movement, but they have not yet completed their plans. It is the intention, as now outlined, to assemble a representative Republican convention from each ward and to turn over to them the task of selecting a committee to stand or fall. Quite a number of Republicans are opposed to this plan. They say that a direct primary law has been adopted and that it should be tried out, no matter what may be the consequences. These people say that if this is what the people want, that is what they want—the devil take the result.

On the other hand it is felt that, as the "go-goos," or Good Government League, selected candidates without a convention and without giving the voters of the various precincts of that city any say in the matter, there can be no harm in a general city convention, at which representatives of every section, chosen by their neighbors, shall have a chance to pick their own candidates.

Directors of the Sequoia Club, which in the past has been looked upon as purely a George A. Smith organization, held a meeting last evening and arranged for a gathering of all interested Republicans at 8 o'clock Thursday evening at the club's headquarters in the Coulter building, on Broadway, near Second street. Action will be taken at that time with reference to the Smith campaign for Mayor. No stretch of the imagination is required to prognosticate what it will be.

In the face of a prospective city convention of Republicans it is possible that men of that party in the Ninth Ward will abandon their plans for caucuses in the various precincts of that ward, and half a hundred of them were given brief terms in the City Jail. They have betaken themselves to the edges of the restricted district and continued their rantings.

Citizens found it necessary to take some action, or be driven from their homes. A little less than a year ago, the Socialists attempted to hold meetings at busy corners, in defiance of the police, and half a hundred of them were given brief terms in the City Jail. They have betaken themselves to the edges of the restricted district and continued their rantings.

CRAZY MAN IS HOUSE-BREAKER.

URGULARIES REPORTED ALMOST EVERY NIGHT NOW.

Escentric inhabitant of Suburb supposed to be the guilty party. Five complaints sworn out against People Who Neglect to Pay Dog Licenses.

Los Angeles Times, N. B. Raymond Ave. Pasadena, Aug. 2.—Burglaries in place almost nightly here now. The burglar of North Pasadena, accredited with having committed over twenty burglaries in six months, has been entered Sunday night, and the police are of the opinion that this man is the guilty party. He has done six jobs in one week, and has now begun to change tactics, working nearer the center of the city and taking jewelry, which he said, he never did before.

Gen. Arthur Murray, U.S.A., chief of Coast Artillery, who is being entertained at Avalon.

THE MAGNIFICENT GENERAL BASKS IN PARADISE.

BEAUTIES' SMILES DIRECTED TOWARD VETERAN.

Presence at Avalon of Chief of Coast Artillery Adds to Social Interest—Fair Anglers Adorned With Silver Buttons—Fish Stories from San Clemente.

PACIFIC AERONAUTICS. Capt. A. E. Mueller, pilot of the "America," which was lost in the Hawaiian Islands, is endeavoring to organize the Pacific Aeronautics Co., with headquarters in Pasadena.

AFTER DOG OWNERS. Five complaints were sworn to yesterday by the Humane Society for the loss of owners of dogs who have been taken to the pound.

HANDSOME BADGES. Badges arrived yesterday for the big day parade to be held at the Redondo Beach on the 12th inst. A ten crown occupies the center of the badge. As there are fifty persons serving on the various committees, special badges will show what committee each belongs.

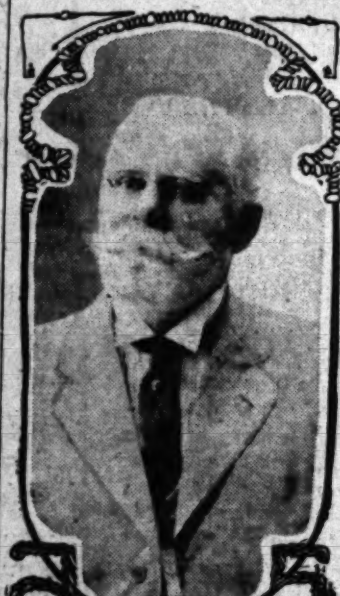

OLD BOOKS USEFUL. Mrs. Nellie M. Ruse, city librarian, says that many of the 1899 books are too old to be of use.

TO INSTALL SIGNALS. City Commissioners yesterday decided to install a system of signals at the intersection of the main police department. The municipal department will place red lights on city poles so that every man on his beat may be at once notified when wanted and will report the nearest telephone.

PASADENA NEWS NOTES. E. Burrier, a foreman in the employ of the Fairchild-Gilmore company, the second finger on the right hand and the nail torn off by a fall yesterday afternoon.

AT THE BEACHES. Patrons of The Times visiting during the summer season may have the Times served to them by the regular agent named by notifying either The Times main or branch office or the local agency, at the regular subscription price of 20 cents per week and 75 cents per month.

Sherry and Egg Good for You. Fine old sherry wine is tonic and food for the system.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

REES TO NEUTRALIZE FIERCE GLINT OF SUN.

(BY DIRECT WIRE TO THE TIMES.)

CENTRO, Aug. 2.—(Exclusive Dispatch.) State Forester Lull has been to Imperial Valley to make of the soil and the climate and an expert opinion as to whether citrus trees will grow here. If he is in the affirmative the Southern California will now the seed for the fruit of the future. The seed will thrive and some day may be enough to neutralize the fierce glint of the sun.

Imperial has never been grown before in Imperial Valley, perhaps for the reason that the growers did not get the heat resistant kind. Therefore Lull will have little historical and scientific data to work on.

There are a number of varieties of citrus trees which are said to thrive in a climate where it is as hot as it does in Imperial Valley, no matter how much water is poured onto it. The sugar and the red gum are a little more hardy and may be able to withstand 125 degrees in the sun, but Lull will have to experiment to be sure about it.

"INDIAN GOES ON RAMPAGE AT SANTA YNEZ.

SANTA BARBARA, Aug. 2.—(Exclusive Dispatch.) Juan Miranda, a 40-year-old Indian, was arrested today on a charge of kidnapping a girl named Game Warden. Miranda was arrested at the home of Game Warden. The girl was followed by a man who had chosen a girl named Game Warden. The girl was followed by a man who had chosen a girl named Game Warden. refused to do so. Knight walked toward him, and as he got close the Indian detected the barrel of his rifle. Quick as a flash Knight hit Miranda on the head with his revolver. After several hard blows from the butt of the six-shooter the Indian was subdued and arrested.

A cholo whose name the officers have not determined, but whose attitude at the time of the shooting was defiant, was also arrested. Both are now in jail at Santa Ynez.

A third cholo leaped through the cabin window during the excitement and escaped through the bushes. The Indian's militant family was not arrested with the "brave."

SAN BERNARDINO. MANY SUFFER ON THE TRAIL.

Persons Who Seek Summit of Mountains and Fail to Take Water Drop on Road to Pinecrest-Danair's Charges Against Judge and Others to Be Investigated.

(BY DIRECT WIRE TO THE TIMES.)

SAN BERNARDINO, Aug. 2.—(Exclusive Dispatch.) The old government trail from Arrowhead Hotel to the summit of the mountains was the scene of much suffering yesterday. Many who essayed the climb during the heat of the day dropped from exhaustion. Their rescue was the work of hardy settlers of this valley who are accustomed to the hills.

One woman from Los Angeles was in a "serious condition" when overtaken by the heat. A Santa Barbara photographer was among the victims, having been ten hours on the trail when found. All who suffered started out without water knowing nothing of the country above them. The climb was made in connection with the pinecrest gathering at Pinecrest, where religious ceremonies, barbecues and other features were planned.

REMNAINS OF DEAD Brought Down from Mountains.

ELSIKORE, Aug. 2.—The body of Val Wilkes was packed out from the mountains today by a party headed by Marshall Colton. Wilkes was mistaken for a deer by his friend, Carver Peak, and shot yesterday.

The journey with the remains was a terrible one. It was impossible to carry the body from the cañon to the trail, so it was tied to Wilkes's own horse, which was the only animal that could be induced to go near it. A blanket was placed on the animal, the body tied on, face down, canvas wrapped about it and roped off. The tragedy occurred on a mountain side, a distance of 28 miles. For the present the schedule calls for three trains a week each way.

INDIAN KILLED.

John Henry, an Indian, well known through Southern Nevada as a friend of the whites, was killed yesterday by two other Indians named Bruce and Henderson. The killing occurred on the killing obtained was given the officers by Wee-to-tee, a little Indian girl, who witnessed the killing. She said that Henry was suddenly attacked by the other two men and beaten with clubs. The remains were found by the roadside near the ranch. The skull had been beaten to a pulp and his chest crushed in. Henry was for years in charge of the big irrigation system on the Pahump ranch.

CONTRACTOR INJURED.

C. B. Brown is confined at the Santa Fe Hospital at Needles, seriously injured as the result of stepping from a platform during the night. He fell nine feet to the ground. Internal injuries of serious nature were sustained. The jar injured his neck, shoulders and spine. No bones were broken. Brown is a Santa Fe contractor. He had been sleeping on the platform, owing to the closeness in his home.

CASHIER RESIGNS.

J. Frank Johnson has resigned as cashier of the Farmers' Exchange National Bank, health reasons being the cause. Mr. Johnson, who is also county recorder, will resume charge of that office after two years' absence, during which time he served in the bank.

A disastrous fire was prevented on old Baldy Sunday by campers and rangers. The blaze started from some unknown cause at the head of San Antonio Cañon, and, fanned by a brisk wind, was sweeping toward an immense area of inflammable timber. Every man in the cañon turned out, the rangers were summoned, and within a few hours the fire was under control.

PROTEST IN PORTUGAL.

LISBON, Aug. 2.—At a big public meeting of freethinkers from all parties, held here today, it was decided to organize an imposing procession to march to the Houses of Parliament and demand the suppression of the religious orders in Portugal and the abrogation of the existing laws against freedom of conscience.

LOSES HEAD ON A MOTORCYCLE.

ALHAMBRA MAN BECOMES FEARFUL AND JUMPS.

Thinks Fast-Going Machine Bound to Be Smashed When It Strikes Obstruction, So Leaps Off and Is Rendered Unconscious—Companion, Who Stays on, Unhurt.

SANTA ANA, Aug. 2.—H. B. Cooley of Alhambra, a Santa Fe employee, was unconscious for two hours yesterday afternoon as the result of a fall from a motorcycle. He and a friend, on a two-wheeler returning from Newport Beach, were spinning along at a high rate of speed when they struck some sand. Cooley thought a spill inevitable, and, becoming excited, jumped. He fell heavily and rolled. When his companion returned, Cooley was unconscious. An automobile containing a party from Pasadena luckily came along and Cooley was taken to the nearest ranchhouse, that owned by Frank Thomas. A physician was summoned by telephone. After time Cooley came to his consciousness. He is badly bruised, but his injuries are not serious.

A government expert named Piper is trying to rid the southern end of the county of the ground squirrel. He is employing poison. He has been at work on several large ranches, and this week is instructing Forest Ranger Stephen so that the poison may be spread over his division of the Cleveland National Forest. The irrigation canal of the State Board of Health will be here August 3 and 4.

JUDGE AFTER BUCKS.

Superior Judge West started his vacation today. He goes to Tahama county, where M. M. Crookshank, president of the First National Bank and E. E. Harris have a camp at a place in the redwoods, where people of Santa Ana have taken their summer homes for several years past. Attorney E. E. Knoch will go to the camp in a week. Every man expects to get the limit on bucks before he returns, as he has nearly always done in years previous.

BODY PACKED OUT.

Remains of Elsinore Man Killed in Mistake for Deer Brought Down from Mountains.

ELSIKORE, Aug. 2.—The body of Val Wilkes was packed out from the mountains today by a party headed by Marshall Colton. Wilkes was mistaken for a deer by his friend, Carver Peak, and shot yesterday.

The journey with the remains was a terrible one. It was impossible to carry the body from the cañon to the trail, so it was tied to Wilkes's own horse, which was the only animal that could be induced to go near it. A blanket was placed on the animal, the body tied on, face down, canvas wrapped about it and roped off. The tragedy occurred on a mountain side, a distance of 28 miles. For the present the schedule calls for three trains a week each way.

The journey down ended at the Clark undertaking parlors about 5 o'clock p.m., where an inquest will be held. Of the hunting party, one, E. E. Curtis, is of Long Beach and is here visiting his brother, J. W. Curtis of Peck street. Another Clarence Peck, brother of Carver Peak, arrived only Saturday from Pasadena with his wife and son. Wilkes lived but a few miles from Elsinore, where he was a prosperous rancher.

Richard A. Saylor, for many years a resident of Railroad avenue, died Saturday night from paralysis. He was in his seventy-eighth year. He leaves a widow and one son, Bert Saylor, who, with his family, came from Imperial last week. Two grandchildren, Bert Haigh of Los Angeles and Clara Haigh of Elsinore, are also here. Other children reside in the East. The body will be taken to Los Angeles for burial. Mr. and Mrs. Saylor would have celebrated their golden wedding in a few weeks. He was a member of the Masonic fraternity of Los Angeles.

W. F. Rice, who, with his wife, resided here several months and who went to Long Beach last week, died yesterday from a complication of diseases. Mr. Rice last week bought two houses and four lots on Spring street from Col. A. W. Woodford and they expected to make Elsinore their home.

Recent arrivals are David Goldberg and J. Berlin, Los Angeles; Mrs. H. Lasar, Miss Bertha Lasar and Miss Cecile Lasar of San Francisco, who are guests of Mr. Goldberg's parents, Mr. and Mrs. S. Goldberg, on Riley street. Lakewood Inn arrivals include: G. E. Ross and wife, Riverside; Justice Paquet, G. E. Trevelyan, E. W. Trevelyan, R. F. Dana, J. B. Lash, Riverside; J. H. Walter, E. W. GOOD WORK BY PROMOTION MEN.

WATERSHEDS OF GREAT VALLEY ARE DISCUSSED.

Valley Papers Are Awakening to Their Opportunity and Are Saying Many Proper Things About the Work of the San Joaquin Valley Promotion Bureau in Los Angeles.

The illustrated lectures, as announced, continue from night to night at the San Joaquin Valley headquarters at the branch office of The Times at No. 531 South Spring street. The work done at these headquarters is highly appreciated by the people of the valley, as is evidenced by the very liberal press notices it has received the past few days. The gentlemen in charge are reaching a class of people that it would be almost impossible to reach in any other way or by any other means. Last night the lecturer dwelt largely upon the water sources of the valley, and gave his audience an ocular demonstration of the almost inexhaustible supply by having thrown on the screen one of the Bledade pictures representing the miles of the Sierra Nevada Mountains, and explaining that it is in these mountains that the great rivers of the valley have their sources, from which the natural supply for irrigation is obtained. Although the picture in question was taken on July 1, it revealed great banks of snow packed in the cañons and gorges and covering the face of the mountain. It was further explained that the snow prevalent at that time meant the same to the valley farmer, orchardist, vineyardist and dairyman that the spring and early rains mean to the farmer in the East or Middle Western States.

Continuing, the speaker called particular attention to the great system of irrigating canals that spread their waters from one end of the valley to the other, and from the coast range on the west to the Sierra Nevada on the east. The method of irrigating lands was carefully explained, and the audience listened with attention.

One point of especial interest was the reference made to diversified farming. The speaker tried to emphasize the inadvisability of putting all the eggs in one basket, and explained that a few years ago were considered incurable, are now easily cured. Dr. Pyle believes in building up, not destroying. The doctor's large and successful practice has been built up within the last few years, simply because he cures patients quickly, permanently and cheaply. Many well known people, both men and women, who have been cured by Dr. Pyle after other treatments have failed, have been kind enough to give testimonials for publication, so that others may take advantage of his experience and be cured as they have been. Most every form of chronic disease, or of chronic ailments which can be cured by Dr. Pyle's mode of treatment. Many are neglected from day to day, thinking and hoping that time alone will make a change in their condition. That disquiet which is constantly more severe, and finally, though often unexpectedly, reaches an incurable condition. If any member of your family is so unfortunate as to be suffering from an ailment, regardless of its nature, you are invited to consult Dr. Pyle and receive a painstaking and detailed examination of your case and his advice without cost to you. If you are being treated by another physician and are satisfied with your progress, you are advised to stick to the treatment now taking, but if you are not getting well or receiving the treatment you require you should consult Dr. Pyle once.

SAVED BY WIRELESS.

Many Ships Warned Off Dreaded Shoals of Sable Island, "Grave Yard of the Atlantic."

(BY DIRECT WIRE TO THE TIMES.)

OTTAWA (Ont.), Aug. 2.—(Exclusive Dispatch.) The wireless telegraph has robbed Sable Island, the "graveyard of the Atlantic," of its terrors. Lying in the route of the navigation of the North Atlantic Ocean, this island long ago earned its dread title. It is a drear expanse of surf-beaten shoals, strewn thickly with the wreckage of splendid ships.

Last year, however, no wreck or marine casualty of any kind occurred there, and this remarkable immunity is attributed mainly to the utilization of wireless telegraphy in communicating warning signals to passing vessels.

In the comparatively short period in which wireless telegraphy has been in operation in Canada it has come to be one of the most important adjuncts to navigation maintained by the Dominion government. There are at present more than twenty wireless stations in Canada, of which five are located on the Pacific Coast. The Coast service will soon be augmented by three additional stations.

WESTERN PACIFIC OPERATING.

SALT LAKE CITY, Aug. 2.—The Western Pacific today began regular train service from Salt Lake to Elko, Nev., a distance of 288 miles. For the present the schedule calls for three trains a week each way.

good health, with its blessings, must understand, quite clearly, that it involves the question of right living with all the term implies. With proper knowledge of what is best, each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to living right. Then the use of medicines may be dispensed with to advantage, but under ordinary conditions in many instances a simple, wholesome remedy may be invaluable if taken at the proper time and the California Fig Syrup Co. holds that it is alike important to present the subject truthfully and to supply the one perfect laxative to those desiring it.

TAKE OZOLINE TREATMENT NOW

Cures Catarrh, Lung, Blood, Nervous, Digestive, Skin Diseases, Rheumatism, Asthma, Ailments Due to Lowered Vitality, Overwork and Worry

In the class of serious, chronic, obstinate, long-standing diseases and afflictions that baffle the skill of the physician that are unyielding under ordinary medical treatment, and that have been quite generally regarded heretofore as incurable in all manner of infirmities that impair the usefulness of man and women and make life miserable and unhappy, the great blessing of Dr. Pyle's treatment has been shown. Results are certain. There is no long tedious drawn-out course of drugging and dosing. There is nothing in the way of surgical operations with the dangers attending them. There is no pain, no shock, no discomfort. The treatment is mild, is pleasant and is most efficient and successful.

There are in this community a large number of persons who are unfortunate enough to be suffering from catarrh of the bladder, rheumatism, stomach trouble, kidney disease, nervous derangement or from other distressing ailments, who have been made unhappy and melancholy by their fears of being incurable. It is a well known fact that the modern process of treatment, such as Dr. Pyle uses, and is used by no other physician in this city, does not cure in one long tedious drawn-out course of drugging and dosing, but is now easily cured. Dr. Pyle believes in building up, not destroying. The doctor's large and successful practice has been built up within the last few years, simply because he cures patients quickly, permanently and cheaply. Many well known people, both men and women, who have been cured by Dr. Pyle after other treatments have failed, have been kind enough to give testimonials for publication, so that others may take advantage of his experience and be cured as they have been. If you have a lingering disease or a weakness from any cause, it will pay you to have a talk with Dr. Pyle about your case. He can at least give you valuable advice without cost to you.

He positively cures all curable diseases of the Eyes, Ears, Nose, Throat, Lungs, Stomach, Liver, Kidneys, Nerves, Brain, Blood and Skin. As Catarrh of any part of the body, Bronchitis, Asthma, Consumption (in all stages), Deafness, Gout, Dyspepsia, Constipation, Piles, Chronic and severe Rheumatism, Scrofula, Ulcers, Eczema, Pimples, Eruptive Eruptions, Paralysis (early), Neuritis, Sciatica, Lumbago, Headache, Dizziness, Stasis and Nervous Exhaustion, Spinal Irritation and Weakness.
